

ROSATO 2019

ROSE WINE

13,00% ALCOHOL

1500 BOTTLES PRODUCED
FROM THE 2018 HARVEST

A rosé made from 15-year-old Barbera vines, harvested specifically to produce this wine and vinified by direct pressing, without maceration, fermented and aged on the lees in a small steel vat left outside the wine cellar. Subtle colour and structure to

bring out the full-flavoured notes typical of the Nizza Monferrato area. Bottled at the end of the winter and kept in the bottle a few months before it goes on sale. Pink and perky as the mullet on the label...

Due to the complex legal and bureaucratic system of the country we live in, we cannot reveal the grapes that contribute to the production of this wine. If you want more information [click here](#)
